

**AMAZON CRUISES  
DELFIN I, II & III ITINERARY**

**SUSTAINABLE TRAVEL**

Delfin has made it a highest priority to give back to the Amazon’s communities as much as the local people have enriched their travelers’ experiences. Handmade, custom-designed artisanal wares made by the village women vibrantly enhance every Suite and dining room on board. Very often the community men with lightning-fast reflexes accompany trail walks to make sure you don’t miss fast moving poison dart frogs or slithering anacondas! Visits to these communities bring our travelers together with the local people, allowing for cultural exchange on both sides. The various cultures and lifestyles of the rainforest have long resolved how to live together in harmony, and Delfin promises to uphold this natural, delicate synergy.

**CREW AND GUIDES**

We have assembled a talented and experienced team of naturalist and interpretive Amazon River guides who are the most important and essential ingredient in our cruises. Their expert knowledge of plants and birdlife, and the history of this part of the Amazon, will be the difference between a visit to Peru and an unforgettable life experience in the jungle. Put together, they have decades of invaluable experience. Most of our guides were born and raised in the rainforest, in small communities spread throughout the Peruvian Amazon. They spent their childhoods walking the forest paths, climbing trees to pick fruit, fishing the small streams, and chasing iguanas along the shoreline. Now, they are proud to share their knowledge and passion with our travelers from around the world. Many of them have also participated in training sessions and projects with Peruvian and North American professors, researchers, scientists, and other professionals of similar leagues. All our guides are bilingual in Spanish and English, and some have additional language aptitudes. You will also discover during a cruise that they have delightful musical talents.
