

A sophisticated, upscale travel experience for 48 guests in 24 cabins, combining modern design, spacious rooms, and gourmet cuisine with top adventure. The ship offers a wide variety of aquatic activities including snorkelling, kayaking and a glass-bottom boat. She is a distillation of the wish lists generated by captains, expedition leaders, hotel managers and guests over many years.

Your Galapagos experience aboard La Pinta is enhanced by a vibrant team of category 3 naturalist guides (the highest), top-ranking naval officers as Captains and First Officers and a crew of professionals, passionate for the Galapagos and ready to cater to the needs of the most discerning guests.

Join our guides in the lounge for nightly briefings about the next day's activities. On the following day, visit the National Park on carefully planned excursions. In between outings, it will feel as if your connection with the islands never ends, as panoramic windows in our numerous social areas offer almost permanent visual contact with the island landscapes while you are on board. Or take a stroll outside with your camera and make the most of the numerous outdoor social areas, including an outdoor terrace for dining when weather permits and an observation deck perfect for equatorial stargazing. Relax in the hot tub, work out in the cardio-gym or lounge on the sun deck.

ACCOMMODATION

La Pinta boasts among the largest cabins of any Galapagos vessel. All cabins are located mid-ship, on the Upper Deck, with twin beds (32" x 79" inches), which can be converted to one queen bed (64" x 79" inches). An ideal yacht for families travelling together, with 8 connecting cabins available.

Luxury Double Cabin: 16 m2 (175 sq ft)

Luxury Plus (Triple) Cabin: 22 m2 (236 sq ft) with sofa bed

- Cabins are spacious and elegantly decorated
- Central air conditioning with individual controls
