

SANTA CRUZ II

THE BEST BALANCE OF GALAPAGOS ACTIVITIES AND EXPLORATION

Conceived for operations in remote areas, this state-of-the-art expedition vessel affords the perfect infrastructure for Galapagos exploration. At just over 70 metres long, the generous 5-deck craft holds 50 cabins for 90 guests and features ample, luxury-sized social areas indoors and out. This infrastructure and the crew's heritage of decades of experience working in the islands allow guests to make the most of their Galapagos cruise experience.

From top to bottom, the Santa Cruz II features ample, welcoming spaces. Modern, generous social areas laid out with choice contemporary materials feature prominently on four of its five decks. With an intelligent layout, including wide hallways and broad stairwells, guests will immediately know their way around. From dining areas indoors and out, the fitness room and hot tubs to the elegant bar and lounge, not to forget the well-stocked library, the ship is designed to please with sophisticated simplicity. Luxury ratios of crew and guides to passengers guarantee quality individual attention.

CABINS

The Santa Cruz II's Swedish-design cabins reflect the latest in cruise trends. Comfortable spaces and large picture windows illuminate the interior spaces and allow guests to take in the views, offering elegant relaxation areas after a day of active exploring. The ship has 50 cabins for 90 guests, 36 of which can be interconnected, offering flexibility for guests from single travellers to families.

- 43 Explorer Cabins (163.2 sq ft / 15.2 m²)
- 2 Explorer Family Cabins (191.9 sq ft / 17.8 m²)
- 2 Voyager Cabins (127.0 sq ft / 11.8 m²)
- 3 Darwin Suites (325 sq ft/30m²)

The 43 Explorer Cabins are located as follows:
